

POWERFUL. SUSTAINABLE. PERFORMANCE.

PRO CLEANING EQUIPMENT BATTERY SOLUTIONS

RELIABLE FLA | INNOVATIVE AGM | ADVANCED LITHIUM

The commercial-industrial floor care market epitomizes the importance of first impressions perhaps more than any other we serve. Whether you're an OEM, Jan/San equipment dealer, BSC or institutional end user, you need a highly qualified supplier partner you can trust when it comes to meeting expectations for product performance, total cost of ownership and support.

We get it. As recognized industry experts for nearly a century and one of North America's leading battery manufacturers, Crown Battery makes it our business to understand what our janitorial-sanitation floor care customers need to help their businesses succeed.

Leading the Way to Growth through Support, Innovation and Corporate Responsibility

We're renowned in the fields we serve for thought leadership — sharing business strategies and tactics to complement our powerful batteries. This combination enables us to support customer growth before, during and after the sale by helping to attain sales objectives and build their reputations while meeting critical priorities for quality, sustainability and ROI.

As for our products, we offer a comprehensive selection of contemporary, earth-friendly battery models for professional floor care equipment, featuring robust performance to deliver the right power choice for OEM, dealer, service contractor and end-use customers. And we feature a complement of allied products, including battery chargers and maintenance systems.

- Our lineup boasts a full array of products for rider, walk-behind and autonomous scrubbers, scrubber dryers and sweepers
- Superior battery design and construction allows for substantial added service life and decreased risk of unscheduled maintenance compared to competitive products

From advanced flooded and maintenance-free AGM models to our next-level lithium-ion series, the dependability and integrity of Crown Battery products deliver power on demand and consistently differentiate our customers from their competition.

PRO POWER SOLUTIONS

FOR FLOOR CARE SPECIALISTS

We're proud of the numerous long-standing relationships we have with floor care and cleaning machinery professionals who leverage the power and performance behind Crown Battery products, experience and support.

MARKET EXPERTS

We keep ahead of the trends, anticipating industry needs to deliver Jan/San product and business solutions that OEMs, equipment dealers, business service contractors, and commercial and industrial users rely on.

The post-pandemic era has been marked by significant growth in FLA, AGM and lithium floor care equipment battery categories. The North American original equipment market is estimated to reach \$1.6 billion in 2024,* with aftermarket battery shipments for cleaning equipment anticipated to correspond. In turn, our insight, innovation and reputation for proven, reliable performance in these segments uniquely qualifies Crown Battery to be your supplier of choice — and respond to corresponding growth opportunities.

SUSTAINABILITY CHAMPIONS

The pro floor care market is increasingly driven by technological advancements that impact emissions and greenhouse gas (GHG) performance.

By the numbers, Crown Battery is the proven leader when it comes to technology integration, GHG and lifecycle assessment of floor care equipment battery components. We're proud to create value and deliver safe solutions for the Jan/San market and users through our sustainability practices.

- The nation's only US EPA Green Power Partner certified battery manufacturer; our operations are 100% powered by renewable energy
- Our lead-acid products are over 99% recyclable and 4 times better for the environment than alternatives
- The Crown Battery array of FLA, AGM and lithium-ion batteries provide flexibility and power assurances based on unique user requirements
- Manufacturing burdens are up to 90% lower for lead-based batteries

SHINE ON

The powerful Crown Battery lineup of FLA, AGM and our new Velocity® PerformEdge™ deep cycle batteries deliver performance benefits that positively impact cost of ownership and reflect on OEM, distributor and service provider reputation.

FLA DEEP CYCLE SERIES:

For pro cleaning equipment applications where periodic maintenance is handled by fleet owners

- Easy care, typically only requiring quarterly watering service and inspection to verify effective cabling and charger performance
- Allows for multiple capacity options per group size to deliver flexibility; for owner priorities driven by running time or budget

CROWN1 AGM DEEP CYCLE SERIES:

Support commercial and light industrial applications that do not allow watering service or electrolyte exposure to the operational environment

- Models deliver low cost of servicing and maintenance; designed to be operated with minimal PM
- Fully sealed and maintenance-free

VELOCITY® PERFORMEDGE™ LITHIUM DEEP CYCLE SERIES:

Our latest innovation, developed and introduced to provide optimum choice for floor care equipment OEMs, dealers, service providers and end users

- Support machine applications with extended design life and no tolerance for preventative battery maintenance
- Designed to last 2 - 3 times longer than lead batteries of comparative capacity
